

## **Head Lice Policy**

### **Crusader Camp, Junior Camp, and Senior Camp**

- The Camp Head Nurse is the final authority in lice identification.
- All campers will complete a mandatory check for head lice and/or nits (lice eggs) during the camper registration process.
- No camper will be admitted to Camp if they have lice or nits. If lice or nits are found during the mandatory head check at registration, the camper must return home and is not allowed to return to camp. *It is the responsibility the camper's parent/guardian to make arrangements for the camper to return home if lice/nits are identified during the registration process.*
- If lice or nits are found while the camper is enrolled at Camp, *the parent/guardian of the camper is responsible for making arrangements for the camper to return home as soon as possible, and the camper is not allowed to return to camp.*
